As a student in the ABC Construction Training Program taking Electrical, HVAC, or Plumbing, you are eligible to earn 30 college credit hours, about half of an Associate Degree, at no additional cost to you. You will earn college credit for each level.

The total of 30 hours is the equivalent of over \$5,000.00 in college tuition at no additional cost! You can finish the Associate degree online or on campus at Stark State College in Canton; or you can transfer the credit to another college that may be more convenient. Not interested in attending college. You can still receive the credit at no cost to you by simply following the above steps.

If you have any questions, contact the ABC Workforce Development Dept. at (440) 717-0389
