

MEMBER-DRIVEN. MEMBER-STRONG.

At Associated Builders and Contractors, our members don't just build the future—they're shaping the world. We work hard to provide value so our members can develop their people, win work and deliver that work safely, ethically and profitably for the betterment of the communities in which we serve.

Business Management Expertise

Because our industry is constantly changing, we help members stay current on the latest industry trends. ABC provides leadership education focused on economic changes, workforce development, project management, safety and liability, technology and innovation, and the legal landscape to help your business be at the top of its game.

Networking Opportunities

Foster relationships through national and local events, including a users' summit, convention, legislative fly-in, diversity summit and leadership institute. Plus, you can join peer groups that expand your networks both regionally and nationally by sharing ideas, developing connections and finding avenues to grow and improve your business.

Expanding and Upskilling Our Workforce

With ABC's exclusive workforce development programs, you'll grow and develop your most important resource: your people. ABC's 68 chapters and their affiliates build the talent pipeline through more than 800 apprenticeship, craft, safety and construction management education programs. Access a wealth of resources to advance your employees and your business.

Safer Jobsites

What if your company could be six times safer than the industry average? With ABC's STEP Safety Management System, participating ABC members measure their safety processes and policies on leading indicators such as supervisor safety training, pre-planning for project safety and behavior-based safety, all to improve safety performance.

Strong Advocacy

As a steadfast advocate for our industry, ABC works to ensure open competition for construction companies based on merit, regardless of labor affiliation. We help members support pro-merit shop legislation and use our voice to ensure companies succeed based on the principles of free enterprise.

Savings

As a member, you have access to employee and companywide discounts from top brands. Savings range from cell phone plans and hotels to fuel and vehicles. ABC's Tech Marketplace provides access to innovative digital construction solutions so you can integrate construction technology and keep your business moving forward.

ABC members have been setting the standard for safety, performance and integrity in the construction industry since 1950, and every day we continue to raise the bar. You'll find we're member-driven and member-strong, helping our 21,000 members grow and thrive. Together, we can improve businesses, enrich communities and further careers. Do you pay ABC National Dues in another Chapter? If yes, which one? _____

ABC dues are not deductible as a charitable contribution for Federal income tax purposes, but may be partially deductible as a business expense. ABC estimates that for 2024, 20.5% of your dues is not deductible because this portion of your dues is related to lobbying activities on behalf of members. Please consult your tax advisor for further information.
