

ABC Construction Craft Training

ABC is here to help you build your Construction Team!

ABC Education and Training programs are based on the nationally recognized NCCER construction curricula which is delivered by instructors with experience in the field and training in adult learning

ABC has been training construction workers in Northern Ohio since 1974 with thousands having become journeypersons in trades ranging from Electrical to Plumbing to Heavy Equipment Operation.

Options are available to help today's workforce learn the construction trades with classroom, hands-on, lab, online exercises and reviews and testing of both knowledge and skills through written and task performance testing.

Reasonable tuition which includes: Textbook; Student access key for online learning; Instructor led classroom and lab learning; Written and performance testing; and NCCER Certificates of Completion.

It has been proven over and over again that skilled, knowledgeable, and safe workers improve productivity and reduce expenses. The investment you make today will help ensure the success for your company for years to come.

Learn How to Fund Your Training Through ABC

ABC Members

Ohio

TechCred 

TechCred offers employers reimbursements of up to \$2,000 per employee, and up to \$30,000 per application period to subsidize the cost of training your employees. There are six application periods per year.

ABC's curriculum is already approved by TechCred for several trades including HVAC, Carpentry, Electrical, Plumbing and more. After approval from TechCred, and upon completion of the apprenticeship level, you will be entitled to a subsidy of up to \$2,000 per apprentice to help underwrite the financial burden for the training you already offer to your employees.

MEMBER-DRIVEN. MEMBER-STRONG.

At Associated Builders and Contractors, our members don't just build the future—they're shaping the world. We work hard to provide value so our members can develop their people, win work and deliver that work safely, ethically and profitably for the betterment of the communities in which we serve.

Business Management Expertise

Because our industry is constantly changing, we help members stay current on the latest industry trends. ABC provides leadership education focused on economic changes, workforce development, project management, safety and liability, technology and innovation, and the legal landscape to help your business be at the top of its game.

Networking Opportunities

Foster relationships through national and local events, including a users' summit, convention, legislative fly-in, diversity summit and leadership institute. Plus, you can join peer groups that expand your networks both regionally and nationally by sharing ideas, developing connections and finding avenues to grow and improve your business.

Expanding and Upskilling Our Workforce

With ABC's exclusive workforce development programs, you'll grow and develop your most important resource: your people. ABC's 68 chapters and their affiliates build the talent pipeline through more than 800 apprenticeship, craft, safety and construction management education programs. Access a wealth of resources to advance your employees and your business.

Safer Jobsites

What if your company could be six times safer than the industry average? With ABC's STEP Safety Management System, participating ABC members measure their safety processes and policies on leading indicators such as supervisor safety training, pre-planning for project safety and behavior-based safety, all to improve safety performance.

Strong Advocacy

As a steadfast advocate for our industry, ABC works to ensure open competition for construction companies based on merit, regardless of labor affiliation. We help members support pro-merit shop legislation and use our voice to ensure companies succeed based on the principles of free enterprise.

Savings

As a member, you have access to employee and companywide discounts from top brands. Savings range from cell phone plans and hotels to fuel and vehicles. ABC's Tech Marketplace provides access to innovative digital construction solutions so you can integrate construction technology and keep your business moving forward.

ABC members have been setting the standard for safety, performance and integrity in the construction industry since 1950, and every day we continue to raise the bar. You'll find we're member-driven and member-strong, helping our 21,000 members grow and thrive. Together, we can improve businesses, enrich communities and further careers. Find out more about membership.
